Profile

I love to learn new skills. Ex-Intern at Naval Science & Technological Laboratory - DRDO.IamaC.V. Raman Global University student pursuing BTech in a specialized branch of Artificial Intelligence and Data Science and working on a research project. Technology excites me and I am always in awe of the change it drives in the world. Certain skills that I have worked with include Data Structure and Algorithms (java), Web Development (HTML, CSS, JavaScript, and MySQL), Machine Learning (Python), and Ubuntu OS, what I might lack in skills I make up for with my determination to learn. Outside the study, my passions include being an avid coffee enthusiast and indulging in online gaming.

Work Experience

Dec 2023
to
Jan 2024

MACHINE LEARNING INTERN

NAVAL SCIENCE & TECHNOLOGICAL LABORATORY, Visakhapatnam

- Worked on Machine Learning and neural Networks with Datasets.

Jul 2023
to
Aug 2023

Java Development

OASIS INFOBYTE, Remote

- I have completed an internship in Java development
- equipping myself with a robust skill set in programming and software development.

Nov 2022
to
Jan 2023

DATA SCIENCE FELLOW

Coincent.ai, Remote

- I have completed comprehensive training in data science with a focus on utilizing Python My experience encompasses a range of skills and knowledge
- providing me with a solid foundation to tackle real-world data challenges.

Education & Qualifications

Jul 2021
to
Present

BTech

C.V. Raman Global University, Bhubaneswar

CGPA - 8.53

10th

Mar 2019

Shree Krishna International School, Bhubaneswar

Percentage - 84
